

## Universal Adapter Plate (Model 5530)

Thank you for purchasing this accessory for your premium mailbox. We know you'll be satisfied with the years of service it will provide. If you have any questions about how to mount or use this accessory, or if you need any replacement parts, please call us directly at (800) 464-7491 or contact us at [www.architecturalmailboxes.com](http://www.architecturalmailboxes.com).

### OPTION 1

You can use the Universal Mounting Plate to mount a Coronado or Bellevue Mailbox on a Side Support Arm (item 5512 or 5514, not included). This allows you to position your mailbox on the side of your Decorative Post.

Please contact your Architectural Mailboxes dealer for details and necessary parts.

### OPTION 2

You can use the Universal Mounting Plate to mount a Coronado Mailbox, Bellevue Mailbox or full-sized Oasis Mailbox onto a wooden 4x4 post. Attach the Plate to the top of the post and secure it with wood screws (not included).

Note: This Adapter Plate is not compatible with the Oasis Jr. Mailbox.

### OPTION 3

The Universal Mounting Plate raises the Coronado or Bellevue Mailbox so that the sides of the mailbox are at about the same level as the bottom of the Plate. This allows you to use the mounting holes on the plate to mount a Coronado Mailbox on a variety of other surfaces and posts.
